*Person-hours are the total number of hours a group's members served during the time period

**Lambda Pi Chi Sorority, Inc is a joint chapter with UNC-CH, but there are no current members on campus. Omega Phi Beta Sorority, Inc. recolonized on campus in Spring 2008. Although listed above, these chapters are not included in the findings of the report

***Unique projects are the number of individual, unique projects done by one group during the time period

****Students participating is the number of total participations during the time period. Some students may be counted more than once if they participated in more than one project

*****Average hours per member is the total number of person-hours per group divided by the spring membership numbers. It is important to note that some groups have higher membership numbers in the spring than in the fall, although they do service/philanthropy during both semesters
